

## **Faculty Positions in the Division of Life Science and Engineering**

King Abdullah University of Science and Technology (KAUST), located in Saudi Arabia, is an international graduate-level research university dedicated to advancing science and technology through bold and collaborative research and to addressing challenges of regional and global significance, thereby serving the Kingdom, the region and the world. KAUST is committed to cutting-edge research in the globally significant areas pertaining to Energy, Water, and Food. In addition, KAUST emphasizes research on the Environment and Red Sea and the discipline of Computational Science and Engineering serves as an enabling technology for all its research activities.

KAUST is located on the Red Sea in Thuwal (80km north of Jeddah). Newly opened in September 2009, KAUST is an independent and merit-based university and welcomes exceptional researchers, faculty and students from around the world. KAUST offers attractive base salaries and a wide range of benefits. Faculty will enjoy secure research funding from KAUST and have opportunities for additional funding through several KAUST provided sources and through industry collaborations. Further information about KAUST can be found at <http://www.kaust.edu.sa/>.

The Chemical Sciences program at KAUST invites applications for faculty positions at all ranks, which complements the KAUST ongoing research activities in Energy and Environmental sustainability, and Catalysis thrusts. The successful applicant will be expected to develop a vigorous and world-class recognized research program, and enthusiastic to join and/or embark in a collaborative and interdisciplinary research with one or more of KAUST's Research centers. The applicant must be eminently qualified to teach graduate courses in one of the chemistry core disciplines and may also participate in materials-related Chemistry courses. The successful applicant is expected to supervise M.S. and Ph.D. students.

Potential applicants must possess a doctorate in Chemistry, Materials Science or closely related areas, and at the Assistant Professor rank preference will be given to applicants with postdoctoral experience in those areas.

Applications should include a curriculum vitae, statements on teaching philosophies and research plans with brief research proposals. Applicants must also arrange for letters of recommendation, at least 3 references for an Assistant Professor position and at least 6 references for an Associate or Full Professor position, to be sent by individuals who are knowledgeable of the applicants' professional work, directly to: [ChemS@kaust.edu.sa](mailto:ChemS@kaust.edu.sa)

The review process of applications will begin immediately and applicants are strongly encouraged to submit applications as soon as possible.
